Letter from the President

It is an honor for me to be president of the Spokane Bicycle Club. I am thankful to the past presidents and board members for their assistance.

It is time to reflect on 2017 and last year's accomplishments. Let's roll past highlights of 2017 club events:

- Bike Swap meet
- Spokefest
- Bloomsday bike corral
- Bike Everywhere Month
- Club summer picnic
- Labor Day ride
- Club tour in Nelson, BC
- Annual club banquet
- Jamie and Paula Sutherlin and Paul Brunton's ride across the

southern USA

Don't let cold weather keep you off your bike! (And no need to dress up!)

- Garry Kehr and Jim O' Hare's cross state ride on the John Wayne Pioneer Trail with Rob Parker
- Startup Mountain Bike Rides in Riverside Park

I am so impressed with all of you who volunteer to help accomplish these club events. Now, let's set our sights on 2018. We are looking for your input for the future. Some examples to consider: What speakers or topics would you like to see at general meetings? What organized rides would you like to be a part of? It is your club and we would love to hear any suggestions that you have for our club. Please contact any board member or me with your input.

Now a personal note, some of us have experienced medical challenges in this last year. When such things happen, it would be nice to call or go visit members who are unable to ride due to their medical challenges. When you love to ride, it can be isolating and discouraging to be off your bike. Hearing from your fellow riders can provide a much-needed lift. There are some who are going through medical challenges even now, so please remember these fellow members.

It is an honor to be of service to you all. "LET'S ROLL."

UPCOMING EVENTS

January 8th General Meeting

Come hear Garry Kehr and Jim O'Hare present their adventures on the John Wayne Pioneer Trail.

Washington Bike Summit- 2018

Save the Date: Sunday, April 29 – Monday, April 30

Location: Spokane Washington at Spokane Falls Community College.

REGISTRATION OPENS TUESDAY, DEC. 12

Innovations in Bicycling

The fourth annual Washington State Bike Summit brings together people from different disciplines, backgrounds, and perspectives to learn, share, network, and explore ways we can grow and improve bicycling for all.

The 2018 Washington Bike Summit is co-presented by Washington Bikes & Cascade Bicycle Club.

The Summit features keynote speakers, breakout sessions, guided workshops, delicious lunches and all-around great opportunities for networking with other folks who share your passion for bikes. With so much to take in, we're sure you'll ride away with new-found inspiration, a bunch of new friends and some sweet Summit souvenirs.

Request for Proposals

Would you like to present at the 2018 Washington State Bike Summit? [Submit your proposal here](#) before Friday, January 12 at 5 p.m.

Dream about Rides in 2018

At the December 11th General Meeting, members thought about rides they might like to do in 2018. Lists were made. The idea was to see who was interested in what. If you are interested in any of the rides / tours listed, let me know and I'll add your name to the list. It will be up to the folks whose names are listed to move the planning along. Keep me posted on plans and I'll send them to club members weekly. If there are no changes to plans, I won't send out an email.

PICK UP RIDES

Club members who wish to lead a “pick up ride” should contact Cyrus McLean via email at cyrusmcl@yahoo.com Provide him with the date of the proposed ride and a ride description to include the following:

[start time] [meet place, with address or cross streets] [pace in mph on the level] [distance] [terrain] [route description] [water/snack/eat info if applicable] [map and cue sheet, if applicable] [weather cancellation, if applicable] [leader name and contact cell phone number] [directions to ride start if needed]

Don't forget you need to have riders sign the release statement. You can print statement off the website: Click on Rides Program/Rides Signup Sheet-for Printing

If you are not on the “pick up” list and wish to be added, email Cyrus with your name and email address. You will then be alerted when “pick up rides” are announced.

If you have any questions about this, contact Cyrus.

Reminders: The start time is the departure time, not the arrival time.

Note: The icon,  , is added if there are two possible rides in one listing.

Leaders: Sheila and Frank Ping, 924-1814. Check with leaders to determine if it's a bike ride or a snow trip.

MOUNTAIN BIKING Ride Schedule

Rider will need to have a minimum of a hybrid bike with fairly decent tires as we will be going over rocks and rough road and a helmet is a must. If meeting at any of the Riverside State Park trail heads, **you will need a Discover Pass for parking**. The rides typically 1.5 to 2 hours (might be more stopping depending on participants).

Fat Tire Enthusiasts

Feel free to do Pickup Rides anywhere or any day of the week.

Spokane Regional Transportation Council - Bicycle & Pedestrian Projects for 2018-2021 total \$18,118,628

Some interesting projects in 2018-19:

- Bigelow Gulch shoulders for cyclists – from edge of Spokane, and thru Forker Rd, right of way and construction 2018-19
- Sunset Hwy bike lane, Royal to Lindeke, construction 2019
- Appleway Trail, Evergreen to Sullivan, engineering 2019
- Appleway Trail, University to Balfour, engineering 2018 and right of way 2019
- Bike lane improvement on Evergreen, Mission to Indiana, engineering & right of way 2018, construction 2019
- Cincinnati greenway, right of way & construction 2019
- Post Street bridge replacement, right of way 2018, construction 2019
- Bike share program, engineering 2018
- Centennial Trail Carlson Rd separation, engineering 2018

- Construct a multi-use trail outside of the roadway paralleling Summit Blvd and connecting from Boone Ave to Pettet Dr. This new trail segment will fill a gap in the Centennial Trail, engineering 2017, right of way acquisition 2019. Included in the plan are trail spurs from the west side of the Meenach Bridge, to the river.

Washington State Dept of Transportation – Active Transportation Division

Lots of resources can be found on this page: <http://www.wsdot.wa.gov/LocalPrograms/ATP/>

- Trail count totals: Spokane's permanent trail counters have been totting up big numbers: Kendall Yards(205,601); Ben Burr Trail(34,754); Children of the Sun(20815)
- Traveling with your bike on trains, ferries, buses
- State bike maps
- Bike commuter tips
- State bicycle laws
- Funding sources for bike projects.

Bicycle Advisory Board Notes

- The Board has taken on promoting the LAB's Bike Friendly designation to local businesses.
- Another task: inventorying where bike racks are located in the city, perhaps using an interactive crowd-sourced map.
- Still looking for City support on developing a bike resource website – plan for it was developed months ago.
- Bike master plan is located at:
<https://static.spokanecity.org/documents/shapingspokane/comprehensive-plan/appendix-d.pdf>. The newest Spokane Bike map not yet available online.
- Cincinnati Greenway – From Senior Engineer, Branden Blankenagel : *“We’ve brought in a senior design team from Gonzaga University to run potential roadway treatments through a technical vetting process. They are also conducting outreach to the surrounding neighborhoods. This spring they will be taking their concepts back to the neighborhoods to show what might be possible and gather input. These meetings will likely be in February/March. We’ll hold an open public meeting for this later in March, and they will also report their progress to the BAB. To this point they have kicked off the conversation with the Logan and East Central neighborhoods.”* Note: This will be Spokane's first Greenway. What are typical greenway improvements, according to Seattle DOT?
 - Improve safety
 - Help people cross busy streets
 - Discourage cars from using neighborhood streets to avoid main streets
 - Protect the residential character of our neighborhoods
 - Keep speeds low
 - Get people to where they want to go like parks, schools, shops and restaurants

John Wayne Trail at Rosalia, decorated for the holidays

Friends of the John Wayne Trail (<https://www.friendsofjohnwaynepioneertrail.org/>) has info for getting a permit to ride the trail. The eastern Washington portion is managed by two different entities. Both require permits to use the Trail. From Columbia River to Lind is managed by Dept of Natural Resources which charges a fee and requires a written application. Washington State Parks manages the Trail from Lind to the Idaho border. Permits are available online and are FREE

for this section. Permits are good for a year. If you get a permit, you are providing stats that indicate Trail use, which is helpful when we ask our state legislators to support Trail development.

Other helpful info from the Friends site: great photos; a map of where services are located along the trail; the three spots where bullhead thorns show up. This Fall, WA St Parks 'drained the swamp', a troublesome area east of Tekoa. This would be a great place to explore come spring.

Bits

- A recent insurance survey said that Washington has the fifth worst drivers in the country, with a 14% increase in car-related deaths since 2015. 'The cause? Americans are spending more time on the road, and still texting and talking while driving'.
- Sprague is being improved with the addition of ped shelters and bumpouts, plus good paving. Included are handsome street lights and bus shelters. However, the street is NOT being designed for cyclists. The City suggests cyclists use First Avenue, when traveling thru the area. First connects with the Ben Burr Trail.
- The Health Dept's Walk.Bike.Bus program will continue until 2020, with hopes of receiving another grant for subsequent years. Focus for 2018 – Bemiss; 2019 – Cincinnati Greenway in Logan; 202 – N. Monroe. Currently the Dept does not have a bike to school program, but they have hired a new active living coordinator who has been working for Cascade Bike Club. They may be able to offer a bike to school program in the future.
- Wondering where we are with the Fish Lake Trail bridges? The BAB liaison, Louis Meuler said the City owns trail, grant opportunities for bridges come up seldom. We will be 'lucky' to get funding in the next ten years. Why not just let cyclists cross the tracks on-grade and skip building bridges? The railroad only allows at-grade crossings where there are already rights to cross. Otherwise, entities must **buy** right of way. Air rights must even be purchased when going above the tracks, which is what the City did in order to build the University Bridge.
- Washington State Dept of Transportation now has detail on the designs they are envisioning for the south portion of the Children of the Sun corridor/NSC and they invite the public to contribute ideas. See: <https://www.wsdot.wa.gov/news/2017/12/19/public-invited-help-design-community-places-along-north-spokane-corridor>

Spokane Bicycle Club Board Meeting

December 5, 2017

REI

Board Members Present: Gerry Bergstrom (President), Scott Schell (Immediate Past President), Hershel Zellman (Secretary), Sally Phillips (Treasurer), Dud Bowers, Garry Kehr, and Margaret Watson.

Board Member Absent: Bill Olsen (Vice-President).

Quorum Achieved: Yes

Guests: None

Call to Order: at 6:05 pm by President Gerry Bergstrom.

Approval of Agenda: Gerry presented this evening's agenda and it was approved without additions.

Minutes: of October 24, 2017 meeting were approved with one addition and one deletion. A less detailed version (v2) of the minutes was published in the Club Newsletter. Both versions will be retained in the Club's archive.

Treasurer's Report: Sally presented the Year-to-Date Cash Flow and Account Balance reports (see Appendix A and B). Notes:

- A. Member dues income is increased \$330 over this time last year.
- B. Banquet Expense included food/facility for Mukagawa, plus decorations.
- C. Speaker Expense for the Banquet is in "Expenses Paid by Sponsors" plus revision of the sandwich board (naming sponsors).
- D. Web Page Expense includes \$77 to retain our domain for next 5 years.

Unfinished Business:

On November 18 Gerry emailed the member who brought attention to himself for his behavior on the Centennial Trail last September. Gerry invited him to attend this evening's meeting to defend himself against suspension or termination of his membership in the Club. Just as he did when we invited him to meet with 3 members of the Board in October, he declined the offer. It was moved, seconded, and passed unanimously to *suspend him from all Club activities until his membership renewal date in April. If he agrees to meet with the Board to demonstrate that he can be a safe and courteous cyclist before then, full privileges of membership could be reinstated. Otherwise his member-*

ship will be terminated in April. Gerry will compose a letter informing him of the above. Gerry will circulate the letter to the Board for its approval before sending. If reinstatement doesn't occur by April, Garry will assure that an automatic membership renewal email is *not* sent to him.

New Business:

- A. Washington Bike Summit: This year the Summit, sponsored by the Cascade Bicycle Club, will be held in Spokane April 29 – 30 at SFCC. Garry, Margaret, and Sally have volunteered to lead rides. There will be a planning meeting conference call in 2 days that they will be participating in.
- B. Goals for 2018 (we brainstormed):
 1. Growing the membership, e.g., Club brochures in every bike shop; develop more diverse rides for wider appeal.
 2. Community involvement, e.g., SBC takes full responsibility for running Bike Everywhere Month.
 3. Assure that our Website and Facebook page are kept current.
 4. Increase member participation in Club rides and activities and increased volunteerism for leadership roles.
 5. Improving the social milieu of the Club.
 6. Sponsoring another end-of-season bike tour.
 7. Establish Club branding.
 8. Organize a one-day Board retreat to set these goals in motion.

Adjournment: 7:50 pm.

Next Meeting: Tuesday, February 6, 2018, 6 pm, at REI.

Respectfully submitted,

Hershel Zellman, Secretary

NOTE: Names highlighted in yellow indicate those people are responsible for an action item.
